Dear Shane,

### **Larvotto Resources Limited (“LRV”) – Request for a trading halt**

We request that a trading halt be applied to all listed securities under ASX Listing Rule 17.1 and set out below are details of the request required under the ASX Listing Rules.

#### **Reasons for trading halt**

The trading halt is necessary as LRV expects to make an announcement to the ASX in connection with a material investment by an international institution at corporate and project level to advance one of the Company’s assets.

#### **How long we want the trading halt to last**

We would like the trading halt to remain in place until the earlier of the commencement of trading on Friday 7 October 2022, or the release by LRV of a further announcement on topic.

#### **The event we expect to happen that will end the trading halt**

LRV expects that the trading halt will be ended by it making an announcement to the ASX in relation to the finalising material transaction and capital raising.

#### **Other information necessary to inform the market about the trading halt or that ASX has requested:**

There is no such information.

We confirm that we are not aware of any reason why the trading halts should not be granted.

Yours sincerely

#### **Matthew Edmondson**
