## **ASX Announcement**

12 January 2023

# Exploration Manager Appointment

Larvotto Resources Limited (**ASX: LRV, Germany: K6X, 'Larvotto' or 'Company'**) is pleased to announce the appointment of Mr Nick Burns as Perth-based Exploration Manager after an extensive international search.

Nick has more than 30 years' geological experience in various regions and will be coordinating Larvotto's exploration efforts in Australia and New Zealand. Nick has previously worked in the Mt Isa region and will bring additional expertise to the Company's large prospective project areas.

Larvotto's Managing Director, Mr Ron Heeks commented:

"The Company welcomes Nick to the geological team, and we look forward to Nick's input given his wide range of geological experience. His considerable experience in the Mt Isa region and WA goldfields brings a tremendous amount of knowledge to our exploration programs for a range of metals. He has a busy job ahead."

Mr Burns will join the Company on 23 January 2023.

This announcement was authorised for release by the Board of Larvotto Resources Limited.

## **About Larvotto Resources Ltd**

Larvotto Resources Limited (ASX: LRV) is actively exploring its portfolio of projects including the large Mt Isa copper, gold, and cobalt project adjacent to Mt Isa townsite in Queensland, an exciting gold exploration project at Ohakuri in New Zealand's North Island and the Eyre multi-metals and lithium project located some 30km east of Norseman in Western Australia. Larvotto's board is a mix of experienced explorers and corporate financiers. Visit [www.larvottoresources.com](http://www.larvottoresources.com) for further information.

## Forward Looking Statements

Any forward-looking information contained in this news release is made as of the date of this news release. Except as required under applicable securities legislation, Larvotto does not intend, and does not assume any obligation, to update this forward-looking information. Any forward-looking information contained in this news release is based on numerous assumptions and is subject to all of the risks and uncertainties inherent in the Company's business, including risks inherent in resource exploration and development. As a result, actual results may vary materially from those described in the forward-looking information. Readers are cautioned not to place undue reliance on forward looking information due to the inherent uncertainty thereof.
